

MY VERY INTERESTING DAY IN RUSSIA

Last Friday was my wonderful day off. After a short sleep in I was awoken to my daughter screaming Mum someone took the wheels off our car. Then she burst into the bedroom to tell me, daddy someone took the wheels off our car. I thought she was joking so I said to her honey stop being silly no one took the wheels of our car. She said yes they did daddy. So after pulling myself out of bed I walked to the window and guess what? Yes someone had stolen the wheels of our car. After standing there looking for what seemed like half an hour I got dressed called the police and went to inspect the damage. Sometimes it is interesting, it seems the more you want to follow God and his purposes the more problems we seem to have. (Sometimes it feels like days of our lives). So Christy and a good friend waited for the police I went off to the market to buy new wheels and a new set of tyres. Praise God that we don't need to listen to music as they took the stereo as well as the battery. So it was a very hard day. It took a full day of buying wheels and tyres, battery then getting the car off the mud and wheels back on it. Please continue to pray for us. Gods protection etc.

D.T.S. (Discipleship Training School)

The school is running great. We are about to head off on outreach next week. Kyrgyzstan is our place of D.T.S. (Discipleship Training School) The school is running great. We are about to head off on outreach next week. Kyrgyzstan is our place of destination. Kyrgyzstan is a mainly a Muslim culture population 5,284,149. we will be in Bishkek for 1.5 months then the team will divide and half will go to border of Uzbekistan (closed country to foreigners) all the westerners then half will go to Krasnoyarsk central Siberia.(where we will be moving to next year to establish a work there). We will be doing things like working in orphanages; sports days ie base ball in -10 could be fun and interesting. Also we will be teaching English and Russian to school students. As well as a lot of stuff we don't know about yet. The Students have been going great. God is doing huge miracles in there lives. And we are seeing amazing things happening

in their lives. We are having a huge challenge at the moment and we would like to ask you to pray about helping us on our mission trip. We are in need of about 15000 dollars so as you can see there is a big need but we have a big God. Please can you pray for this need?

VILLAGE OUTREACH

We were very thankful to be able to a village and help out for a week doing helps with the church and the town centre. The government in this village decided not to pick up the garbage anymore so this town has huge piles off garbage everywhere so as I was teaching this week on evangelism and being doing practical helps we arrived in this village with rain pouring down then started picking up rubbish(garbage) around the town. We also help out with Christian disco and coffee houses, cutting wood for single mums etc. I love going to villages. It is very sad how many men and woman drink etc. The villagers really need hope and in the practical family counselling. I was personally involved in family counselling whilst I was there and hope it made a difference.

ORPHANGE WORK

A very interesting day - Parkinson Clan

Tuesday, 19 May 2009 17:22

This is going great. God is continually doing a lot. We are seeing a lot of different stuff happening. Kids are being adopted, kids are getting healed. It really amazes me how these kids are responding just to people touching them and showing them care. I just want to say a huge THANK YOU to all who have given to this ministry. It is a great blessing and some off the moneys that was contributed will go to nappies and Christmas presents.

THANK YOU AGAIN

I CANT THANK YOU ENOUGH FOR YOUR SUPPORT AND FRIENDSHIP WE DEFENTLY FEEL LIKE WE ARE IN A PARTNERSHIP WITH YOU BLESSINGS TO ALL

PARKINSON CLAN

If you would like to contribute to our ministry or living expenses here are our account details

National Australia Bank
